HISTORY/FACTS/ISSUES:			
Sumter County operates several websites and mobile apps. One requirement by Google Play is to have an established privacy policy to help users understand what data the organization collects, why it is collected, and what is intended for the data collected. This policy must be placed on a public website and all of our websites and mobile apps must have links to the policy.  This policy discloses the County's obligation to comply with Florida Statutes Chapter 119 regarding Public Records laws.
